

GRACE LETTER

ENTEC INTERNATIONAL LIMITED

18/09/2018, Halesowen

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is annual preparation and posting of a Communication On Progress (COP) that comprises of a CEO statement of continued support for the UN global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to the following reason:

- Internal audit and reorganisation
- Definition of sustainable development and environmental impact KPIs

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principle of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by the First of December 2018 at the latest.

Sincerely yours,

  
Mr Chris Syner
