

18th of September of 2018

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to that fact that our 2017 Annual and Corporate Responsibility Report has not been made public yet. Please consider that this Report is the main mean by which we annually formalize our commitment to the 10 Principles of the Global Compact and the main source of information to produce the COP.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 15th of December of 2018 at the latest.

Sincerely yours,
