TO OUR STAKEHOLDERS:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We wish to ensure that Lune Group Oy is in the process of publishing it's report and are pleased to have made significant efforts in our sustainability efforts. We are late in creating, sharing and posting our COP report due to this being our first report of this type, and we want to ensure to include all necessary information. Our web pages also are undergoing major changes and we will post the UN Global Compact logo and report on the new pages when they have been published in coming months.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 15.12.2018 at the latest.

Sincerely yours,

Heli Kurjanen
