To our stakeholders,

A key requirement for participation in the UN Global Compact (UNGC) is the annual preparation and posting of a Communication on Progress (COP). This report will include a CEO statement of continued support for the UNGC, and a description of the actions Assent has taken to align its business practices with the principles and standards outlined by the UNGC and the Global Reporting Initiative, including any quantifiable, reportable outcomes.

Assent's upcoming COP will be its first corporate social responsibility report to its stakeholders, detailing our efforts during the 2018 financial period. Upon the year's close, we require three months to gather performance reports from the CSR Initiative's working groups, and draft the COP.

Assent would like to adjust the due date for its COP from December 18, 2018, to April 1, 2019. At that time, we will share the report on our UNGC Supporter Profile.

Sincerely,
