

Mexico City, October 4th, 2018.

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes. We are late in creating, sharing and posting our COP report due to the annual sales declaration that are required. As a policy in the Company we are not allowed to shared that information therefore we were not able to continue filling the report.

We hereby ask for two things a permission from your side so we are able to apply avoiding the question of our annual sales, and an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by December 20th, 2018 at the latest.

We are committed to the UN Global Compact since September 2015 and our Corporate Social Responsibility program is based on it, we wouldn't like to stayed for the reason mentioned before.

Sincerely yours,
