*To our stakeholders:*

*I am pleased to confirm that My own city / Moj lepi grad reaffirms its support to the United Nations Global Compact and its Ten Principles in the areas of Human Rights, Labour, Environment and Anti-Corruption. This is our Communication on Engagement with the United Nations Global Compact. We welcome feedback on its contents.*

*In this Communication of Engagement, we describe the actions that our organization has taken to support the UN Global Compact and its Principles as suggested for an organization like ours. We also commit to sharing this information with our stakeholders using our primary channels of communication.*

*Sincerely yours,*

*Srđan Petrović*  
*Chairman of the board*

## Part II. Description of Actions

Please use the box below to describe the actions your organization has taken in support of the Global Compact. It is strongly recommended that the actions taken are related to one or more of the specific activities suggested. *Please refer to the complete list of suggested activities for your type of organization found [here](#).*

- We actively participated in meetings, monthly thematic roundtables, conferences and in the Annual Assembly of the local Global Compact network.
- Our project "Eco Oasis Block 19a" at the beginning of 2018 was selected in the competition of 111 projects as one of the 34 most innovative in Serbia at the competition "Local development resistant to climate change", implemented jointly by UNDP and the Ministry of Environmental Protection and financially supported by GEF - Global environmental fund. The project "Eco Oasis Block 19a" is in the phase of acceleration / incubation under the auspices of UNDP and the Ministry of Environmental Protection. We expect that at the beginning of 2019 we will enter into the project implementation phase.
- In the middle of 2018, the project "Eco Oasis Block 19a" gain financial support by the Ministry of Environmental Protection for the support to non-governmental organizations. From the funds available we have organized the third festival "My Beautiful Park", we are preparing a green plantation campaign "Green Belgrade" and we are creating organizations new website [www.mojlepigrad.org](http://www.mojlepigrad.org) (for now only available in the native language). We hope that by the end of 2018 we will create basic elements of the website available in English as well.

### **Part III. Measurement of Outcomes**

Please use the box below to include the most relevant qualitative and/or quantitative indicators to measure the outcome of the activities described in Part II above.

- During the preparation of the project "Eco Oasis Block 19a" we have built strong and high quality partnerships with state institutions, and above all with the city of Belgrade and the associated secretariats and public utility companies, the Ministry of Environment and the Ministry of Construction, Transport and Infrastructure. We hope that our project will soon enter a phase of implementation and that together with UNDP we will strengthen all our existing partnerships and create new ones.
- With the pilot project "Eco Oasis Block 19a" for now, we give a modest contribution to UN Global compact principles and SDG in accordance with our current capacity. We hope that we will get wider financial support for the project by all actors, in order to make a significant contribution to the noble efforts to create a better living environment for all.
