

12/10/2018

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to:

- Modification of internal organization during the month of July and August because of the necessity to deliver equipment in September 2018 for geopolitical reasons;
- Internal overload of our services due to the necessity to produce a consequent amount of documentation for HPC project quickly;
- Absence for personal reasons of a key person of our quality department in charge of establishing the Communication On Progress.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 10/01/2019 at the latest.

Sincerely yours,

Mr. Pierre-Marc de MOURGUES  
Chairman
