To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to we are now in a process of merging with a company of Ubiquus Group and changing our business name. As your probably know, Celer Soluciones belongs to Ubiquus Group since July 2017, and now we are finishing our integration in the group. As our compromise with Global Compact will remain the same then in the past, we hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by January 17th 2019 at the latest.

Sincerely yours,

A blue ink handwritten signature is written over the Ubiquus logo. The signature is cursive and appears to be "Celer Soluciones".
