

I am pleased to confirm that Transparency International Georgia reaffirms its support to the United Nations Global Compact and its Ten Principles in the areas of Human Rights, Labour, Environment and Anti-Corruption. This is our Communication on Engagement with the United Nations Global Compact. We welcome feedback on its contents.

In this Communication of Engagement, we describe the actions that our organization has taken to support the UN Global Compact and its Principles as suggested for an organization like ours. We also commit to sharing this information with our stakeholders using our primary channels of communication.

Sincerely yours,

Eka Gigauri

Communication on Engagement - Transparency International Georgia

Transparency International Georgia (TIG) is a local chapter of the global anti-corruption network that aims to combat corruption through the promotion of transparency and accountability. TI Georgia is the leading advocacy-based think tank that actively monitors Georgian public and private entities, reveal the corrupt practices and publish such occurrences.

TIG constantly engages with the different stakeholders in course of our activities. Business sector is definitely one of them. We are the member of the largest business associations in Georgia - Amcham and ICC that helps us always be in close cooperation with them. TIG tries to promote CSR among businesses. The latest and the most influential campaign of ours is the best example on how we engage business in our work and at the same time try to promote CSR culture among them.

#GEnter campaign is the civic movement against Anti-Western propaganda that tries to mobilize public opinion and promote Georgia's Euro-Atlantic integration. The campaign has several target groups including students, retired people who live in the different parts of Georgia. As awareness raising campaign is one of the most sensible campaigns including diverse stakeholders is the key issue in this regard. Business sector turns out to be a huge contributor to the campaign while participating in the local meetings, providing technical assistance, promoting campaign goals.

TIG has started another new initiative and conducted internal anti-corruption trainings for some of the biggest businesses in Georgia. This practice is going to be continued as the pilot project turns out to be very successful.

TIG is actively engaged in the Global Compact local networks and is the member of CSR club of Georgia. Together with the partner organizations TIG tries to boost certain types of CSR activities.

TIG definitely plans to be very active in terms of CSR and continue all the existing engagements. We are glad to have the opportunity of continued cooperation with the Global Compact.
