

25th October 2018

To Our Stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to a number of projects, in line with the UNGC objectives that were currently being undertaken in the company, and that we saw need to include in the report. These will have been completed within the next 90 days of the grace period and will form part of the report.

We are also late in the submission as there must have been a miscommunication with the reminder on the deadline that is usually sent to the contact persons. This has been aligned and there will not be such an occurrence in the submission of subsequent reports.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 21st December 2018 at the latest.

Sincerely yours,

Mr. Willis Ojwang'
