GRACE LETTER

To Our Stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that compromises of a CEO Statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We area late in creating, sharing and posting our COP report derived from the fact that this quarter we have focused our efforts on attending various audits to obtain certifications and / or recertifications such as FSSC2200, FDA, STPS in security matters.

We are in the process of review and adjustment in the report, in addition to a review of the indicators that support more clearly our commitment.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website **by January 25, 2019.**

Sincerely yours,

Mrs. Patricia Pimentel Garcia,

Human Resources Director
