Message from National President Senator Ronald Kan

Warm greetings to the members of JCI Hong Kong Jayceettes on this occasion of the 46th Annual General Meeting!

Through lore, there have been groups of strong and powerful women who do battle together such as the Valkyries and the Amazons. Their spirit of heroism, valour, and fierceness combined with elegance and grace is also seen in the JCI Hong Kong Jayceettes. The excellence and high standards seen in your works are formidable. Under the leadership of President Rosanna and the Board of Directors, these standards have been upheld and has led to great impact on the community.

We are now entering the final few months of 2018 and it is a great opportunity for reflection of the positive changes we have already made this year. JCI Hong Kong Jayceettes added significant strength to the Global Goals Campaign. The SDG Junior Ambassador Programme made amazing impact in Hong Kong, Japan, and the Philippines. The Care and Dare 2018: Hong Kong Young Social Entrepreneur Contest also encouraged youth to consider the SDG in their proposals.

This year the theme of NOM, Beyond BeLive, was about changing destiny. Every role taken in JCI is an opportunity to learn, improve oneself, and contribute to society. Keeping the JCI Mission and Vision in mind, it is important for the future of the world that young people are provided opportunities to develop into positive leaders that are invested in the welfare of the global community. You have certainly achieved this in JCI Hong Kong Jayceettes this year and more.

I would like to take this chance to thank JCI Hong Kong Jayceettes for your support of JCI Hong Kong. Congratulations to candidates who are successfully elected. I wish all Jayceettes every success in the years to come. Keep up the excellence!

Beyond BeLive!

Message from National Assigned Executive Officer Ben Mak

JCI is an international youth organization that provides development opportunities for young people to create positive change. I am extremely impressed with the continued projects and innovative campaigns that were successfully held in past months, which demonstrate your commitments in the JC movement.

With a caring and experienced President Rosanna and all dedicated Board of Directors, I congratulate JCI Hong Kong Jayceettes achieved a good result in the membership growth and development. In addition with stronger membership and closer bonding, I believe that it would amplify the positive changes that create by Jayceettes.

For external, I am glad to witness how our members, students and girl guides get inspired to create positive changes, which upholds and advances the JCI Mission in two flagship projects, Hong Kong Young Social Entrepreneur Contest 2018 and SDG Junior Ambassador Programme 2018. For Internal, I appreciate that Jayceettes Academy provides many opportunities by organizing different trainings throughout the year for our members.

Coming Board of Directors will usually be elected or appointed at the Annual General Meeting. It does not mean that members who already held higher posts should become inactive after their term, but rather seek for more challengeable duties so their soft and hard skills can be continually equipped in their JC life. For the coming Board of Directors, they should humbly learn from the current board of directors and past presidents, and carry on the success of the chapter.

I truly believe that with the strong commitment by all members, with strong support from Past Presidents and Senators, and with excellent leadership by President Rosanna, I am proud of your contribution and achievement laying a good foundation for members as future leaders. I wish JCI Hong Kong Jayceettes have a fruitful year in 2018 and continue the success in 2019.

Report from President Rosanna Wong

A) FOREWORD

With the theme of 2018, “Engage To Empower”. We aim to engage all Jayceettes members, sister chapters, friendship pacts and partners from diversified sectors such as the government, social civic sector and commercial sector, and strive to create positive changes and amplify the impact by empowering others with the shared values.

The true essence “to engage” is well exemplified with our SDG Junior Ambassador Programme 2018 (SDG 小專員計劃 2018) which was the first-ever project engaging primary school students to promote Sustainable Development Goals back in 2017. We continue to plant our JCI seed in young kids both locally and globally in 2018. A four-hours SDG training program was tailor-made by our organizing committee with more than 20 workshops conducted throughout the project. We are delighted to engage Hong Kong Girl Guides Association, the current largest female youth organization in Hong Kong, as our Training Co-Organizer by promoting and engaging our programme to more than 1,000 Girl Guides. To further promote this initiative, our team has taken this program to an international level by conducting two overseas training in Manila in The Philippines and Tokyo in Japan with more than 500 students engaging in the program to create a vast impact.

The essence “to empower” is well exemplified by Care & Dare 2018: Hong Kong Young Social Entrepreneur Contest (全港中學生創意社企大賽) which was the very first competition to plant the seeds of social entrepreneurship among secondary school students in Hong Kong back in 2015. With the theme “Care for Disabled” (以社企顯創新 以關愛建共融) in 2018, we aim to foster awareness among secondary school students on different types of disabilities in Hong Kong and to encourage them in thinking of innovative and commercially sustainable ways to improve the quality of life of disabled people and to tackle the social problem from a “social entrepreneurial” perspective in order to promote social inclusion.

Jayceettes Academy (女青商學院) doubled the efforts through organizing more regular trainings for members and providing opportunities for qualified trainers within the chapter to conduct training in Hong Kong and Overseas. Courses and trainings were designed under Jayceettes Academy according to members’ need and interest so as to empower them for positive change

As for membership, we placed emphasis on 3 main focuses with Extension, Retention and Conversion. We aim for membership growth but more importantly, retention, and pave a structural path for members. We are proud to reach record high of membership

in recent decade with Hong Kong Jayceettes awarded as the Outstanding Chapter in Recruitment in 2018.

For International Affairs, this year we have strengthened the bonds with our fellow sister chapters by collaboration in flagship projects and courtesy visits to all 3 Sister Chapters & 1 Friendship Pack. Members are highly motivated to join JCI Overseas Events & Conferences for international exposure and connection with a total of 7 overseas trips in 2018.

2018 is a year of breakthroughs and innovations. With collective wisdom and efforts of our members, we adhered to our common goal and have set new milestones for the chapter at different aspects. May our passion in exemplifying the JCI Mission and Values continue to create new possibilities and positive changes.

Here I want to thanks President Rosanna and my dearest MA team for all their support especially during my absence due to health issues at the beginning of the year.

First of all, I would love to convey my heartfelt thanks to Membership Affairs Area Advisor Past President Senator Winnie Yeung for her unfailing support and guidance to my team and myself during my year of office. Listening to her sharing is always inspiring, I have learnt a lot from her on goal setting, strategic planning and influencing skill.

Of course, without the great assistance from my beloved MA Director Yuki Wong, the achievement of Membership Growth this year would not have been so remarkable. Director Yuki is a highly efficient, independent, passionate and trustworthy young lady. She is capable to manage all the membership related work perfectly and I wish her all the best in the upcoming 2019 board of director election. Credit also goes to my splendid team of three MA Officers. They include Officer Marcella Ho who is kind hearted and motivated; Sherry Chong who is confident and passionate; and Yuki Chan who is reliable and independent; It has been a very delightful experience working with these three amazing ladies.

Last but not least, I would like to extend my appreciation to all Board of Directors and all Jayceettes Past Presidents, members and senior members' contribution and support in membership growth throughout the year.

3. The Sustainable Development Goals Junior Ambassador Programme (SDGJA) 2018

To ride on the project theme in 2017 that focuses on environmental issues, we observed the urge to tackle the global goals to combat climate change. Environmental protection plays a critical role in the sustainable development of our city and our world. Apart from environmental and sustainability, ensuring healthy lives and promoting the well-being for all at all ages is essential to sustainable development. Therefore, the SDGJA 2018 theme would be on “Environment, Health and Well-Being”. This year, our focus SDG goals include SDG 3 Good Health and Well-Being, SDG 6 Clean Water and Sanitation, SDG 7 Affordable and Clean Energy and SDG 13 Climate Action.

The Kick-off Ceremony was successfully held on 10 February 2018, where more than 100 guests in attendance, learning and sharing the belief of SDG would lead us to peace by year 2030. We were pleased to have invited Dr. Darwin Chen, SBS (Strategic Partner – UNESCO Hong Kong Association), Ms Charlotte Wong (Training Co-organizer – Hong Kong Girl Guides Association), Ms Phoebe Wan (Strategic Partner – Wofoo Social Enterprises), Dr George Ma (Training Partner – Jockey Club Museum of Climate Change, CUHK), Miss Celine Yeung (Event Ambassador), Mr Ronald Kan (National President – JCI Hong Kong), Mr Zenith Lin (JCI Partnership Affairs Committee Member, Asia and the Pacific), Mr Ben Mak (National Vice President – JCI Hong Kong) and Ms Rosanna Wong (President, JCI Hong Kong Jayceettes) to officiate the Kick-off Ceremony. Followed by sharing from our Event Ambassador Miss Celine Yeung and the 2017 Winning School Teams, we were delighted to see that the implementation of SDGs in schools and in the community are sustainable, and also made impact in lives of young students. Our Training Partner Jockey Club Museum of Climate Change, Chinese University of Hong Kong has also organized an Eco-Enzyme Workshop by giving the audiences some tips on creating a green lifestyle. With the strong and supportive partnerships, we believe this year that the project will make greater impact in our community.

This year, we have invited Hong Kong Girl Guides Association as our Training Co-organizer, one of our key partners, which we will collaborate to foster young female leaders and to promote SDGs in our community. We are committed to help further educate Girl Guides about SDGs and influence them to become responsible global citizens through our programme. Our Project Chairman Samantha Kong, Project Advisor Past President Senator Carol Yeung and Organizing Committee Member Marissa Tse customized a Training Manual for the Guiders and also a bilingual SDG Junior Ambassador Handbook for young participants (Girl Guide and Brownie Guide) in English and Chinese. The SDG Junior Ambassador Training Workshop includes the introduction of UN and the SDGs with lessons on the four specific SDG goals. The Training includes critical thinking and reflection exercises, as well as interactive games/workshops. In the Booklet, it would also ask our SDG Junior Ambassadors to make pledges and action plans on how they will live out the four SDGs in their daily life.

The very first training workshop – “Train the Guiders” Workshop was successfully held on 6 May 2018. Over 50 Rangers (age 15-23) and Guiders (age 21 and above) participated in this workshop and 9 Jayceettes Baby Trainers were being trained by two Head Trainers Project Chairman Samantha Kong and Past President (Project Advisor) Senator Carol Yeung with Assistant Trainer Supervising Officer Ellen Chung. The 6-hour intensive course is an experiential learning-based program with interactive games and workshops. It raised the participants’ interests and engaged them in discussion to help them think further in how to deliver the trainings to their Girl Guides. There were numerous activities introduced to the Guiders, including "Mindful Jar" and "Balloon Car". Upon the completion of the course, each Guider would be given SDG Junior Ambassador Leader pin as a reward and for them to start to train up more SDG Junior Ambassadors in their Girl Guide Units. The Jayceettes Baby Trainers were President Rosanna Wong, Vice President Dora Chan, Director Winnie WM Wong, Director Caren Ngai, Officer Rainbow Yuen, Full Members Vincy Wong, Sammi Yung, Angel Lam and Winnie Jones.

“Train the Guides” Workshop was held successfully on 20 May 2018 with over 40 Girl Guides (age 10-18). This Training was again led by Head Trainers Project Chairman Samantha Kong and Past President (Project Advisor) Senator Carol Yeung and Assistant Trainers were Immediate Past President Do Do So and Organizing Committee Member Marissa Tse. After the training, the Girl Guides submitted an essay with the topic on addressing 3 key community challenges that we are now facing and their suggested implementation plan on how to tackle these issues. Selected Girl Guides will be eligible to attend an interview for the Tokyo, Japan Exchange Tour, which is a 5-day trip to visit Tokyo and to explore the development of SDGs in Japan with training and exchange opportunities with the Girl Scouts of Japan and local school students.

The selection of "Tokyo, Japan Exchange Tour" was held on 3 June 2018. We were honored to invite JCI Hong Kong Jayceettes 2018 President Rosanna Wong, Hong Kong Girl Guides Association International Commissioner Dr Jackie Ng, SDG Junior Ambassador Programme 2018 Project Chairman Samantha Kong, UNESCO Hong Kong Associate Vice President Dr Shirley Yeung and JCI Hong Kong National Vice President (our National Assigned Executive Officer) Ben Mak to be our panel of judges. 16 Girl Guides were selected for the interview. After round of interviews, 6 Guides were selected to go to Tokyo, Japan Exchange Tour to promote our SDG Junior Ambassador Programme.

With the Consulate-General of Japan in Hong Kong as our Strategic Partner, they provided a special pre-trip briefing about Japan culture and manners for the 6 Girl Guides. Through the briefing, they were able to enrich their knowledge about Japan and to prepare the Guides for the upcoming Tokyo, Japan Exchange Tour.

The "Tokyo, Japan Exchange Tour" was sponsored by Hong Kong Airlines Limited and also supported by Consulate-General of Japan in Hong Kong, the Japan National Tourism Organization (Japan Educational Travel) and the Girl Scouts of Japan. The tour was successfully held from 5 to 9 July in Tokyo, Japan. The SDG Junior Ambassadors were honored to have the opportunity to visit a well-known private school, Sacred Heart School, Tokyo, which they met more than 70 students. And a SDG Training at the school and it was conducted by two Head Trainers Past President and Project Advisor Carol Yeung and also Supervising Officer Ellen Chung.

In addition, JCI Hong Kong Jayceettes was invited to conduct two "Train the Scouts Workshop" at the headquarter of Girl Scouts of Japan in Tokyo. More than 50 Japanese Girl Scouts and Leaders participated in the workshops. For both trainings and workshops, the 6 selected SDG Junior Ambassadors (Girl Guides) acted as Assistant Trainers to lead discussions and to facilitate activities with students and participants. For the last day of the trip, the SDG Junior Ambassadors visited the Tokyo Waterworks Historical Museum. After the Museum visit, we also visited the “Cup Noodle Museum” in Yokohama with some members from our sister chapter JCI Yokohama. Throughout the trip, the SDG Junior Ambassadors were able to promote the SDG Goals delightfully during the workshops and benefited from the trip to build up a good relationship with Japanese students and Girl Scouts. We look forward to seeing further collaboration between the two countries on SDGs and to make our world more sustainable with such international exchange. A total of 6 Jayceettes went on this Tokyo, Japan Exchange

Tour – President Rosanna Wong, Past President and Project Advisor Senator Carol Yeung, Supervising Officer Ellen Chung, Honorary Secretary Audrey Yip, International Affairs Director Caren Ngai and Organizing Committee Member Kambo Lau.

On 15 July 2018, there were over 55 participants that attended “Train the Brownies” Workshop which included Brownies (age 6-12), Guides, Guiders and Parents. This was a very unique workshop by welcoming Brownies' parents to attend which offered them opportunities to experience what their children are learning in the SDG Programme. Through the experiential learning activities, it strengthened the parent-child bonding and also created opportunities for parent to learn more about the SDGs. We received very positive feedback from parents on how learning SDGs will be important for parenting their kids as better global citizens. In addition to the Brownies' Unit Competition, we also have Family Competition which they are encouraged to make video on an SDG issue and the family need to think of solutions together to echo the global goals.

During 19 July to 4 August, our Jayceettes SDG Trainers were invited to conduct trainings in the Brownies' Summer Camps. A number of Jayceettes member went to Summer Camps and conduct the trainings including Past President Senator Carol Yeung, Supervising Officer Ellen Chung, International Affairs Officer Rainbow and Organizing Committee Member Kambo Lau. Winnie WM Wong

Director

Report from Membership Affairs Director Yuki Wong

It is my honor to serve the Chapter in the capacity of Director in Membership Affairs Area in 2018. I am pleased to present my report as follows:

A) AREAS OF SUPERVISION

1. Membership Affairs (MA)

Objectives of 2018 MA Team are “Recruitment, Conversion and Extension”.

1.1 Membership Recruitment

a) Prospective Members Orientation (PMO)

Throughout the year, we had hosted three PMOs. First one was a collaboration with 2017 MA team on 6 December 2017, named “*Empower the Women, be the Woman*”. Our speaker, Past National President Senator Brian Kwan delivered an inspiring sharing on his gains, breakthroughs and success in JC journey. In total of 24 new friends joined the night. Second PMO was hosted by JCI Hong Kong’s Membership Team, speaker was PNP Brian as well and we had 15 new friends joining us. The last was an informal PMO organized for 3 energetic ladies, who were not able to attend our regular PMO, yet completed all other requirements and eager to join Hong Kong Jayceettes as Full Members.

b) Online Enquiries and JCI Hong Kong Referrals

Apart from PMOs, we have also received plenty of members from effective Facebook and Chapter Website promotions. As well as, interested outsiders referred from JCI Hong Kong.

1.2 Membership Conversion

a) Prospective Member Development Path

When each Potential Prospective Member showed her interest to join JCI Hong Kong Jayceettes, upon filling in our membership form, members are asked to indicate their interests and preferences by completing our Factsheet. By this way, MA team can easily identify and allocate them into an ideal Prospective Membership Project! MA team keep constant updates to our PMs of upcoming events and MFGs to make sure they fulfil their PM journey. After finishing their first project, we will invite them to attend an interview and recommend them to participate in other projects and explore their potential! All Prospective Members will be inducted in one of the important occasions being witnessed by JC members, e.g. Monthly Fellowship Gatherings and World President Reception.

b) 5-Star Training Camps

Three 5-Star Training Camps were hosted by JCI Hong Kong, where we had in total of 11 graduates. From 29th 5-Star, Director Yuki Wong, Sammi Yung and Emma Cheng; 30th 5-Star, Officer Angela Mak and Jenny Kwan; 31st 5-Star Ada Cheuk, Charlotte Pang, Debbie Lam, Kambo Lau, Suyi Liu and Angel Lam. They have all enjoyed and learnt more about JC, hence more interested to join Hong Kong Jayceettes as Full Members.

1.3 Membership Extension

a) Membership Survey

Before election, MA Team had coordinated with our board members to contact all full members for a membership survey in understanding their comments and ideas towards the chapter. We also took this opportunity to briefly introduce our 2018-year plan, as well as to invite them to attend our election in casting their votes.

b) Manpower Allocation

To facilitate all manpower allocation, a spreadsheet accessible to the whole board was set up to record all members' project involvement and assignment. In the spreadsheet, each member's participation in project is clearly indicated for an easier overview for manpower allocation. Also, MA Team requires all Supervising Officers (SO) and Chairman (CM) to notify us their wish list for their OC team formation. They may introduce the project to the members but the formal invitation shall be done by MA team. MA team will then approach all members (PM and FM) individually to understand their interest before allocating them into teams. This will avoid over workload of members. Through monitoring closely with each members' activities, MA team could identify members who have the potential that can be developed into CM or DCMs, as well as future board members. After each project, MA team will also require each SO to write an OC report to tell us know more about their performances. We also strive our best to make sure all OC teams are with good mixture of senior and new members.

c) Upcoming Events and Birthday Email

Upcoming Events and Birthday Emails were sent every month to congratulate our birthday stars and showcase out our upcoming events. All members will be able to have a quick glance of each month's events and hence "save the date"! If an event requires participants and/or helpers, we will also indicate in the email.

d) Casual Gatherings

Each month, MA team organizes a Casual Gathering to build a stronger sisterhood and fellowship, details as the below:

- **December 2017** – "Best of British", Picnic with Jayceettes
- **January 2018** – Joint Chapter Happy Hour with JCI Island, JCI Lion Rock, JCI Yuen Long JCI Tai Ping Shan, JCI City, JCI Apex and JCI City Lady

I was very honored to be able to supervise this MFG and it was successfully held with over 50 participants. We hope all participants can learn how to build a distinctive and unique personal branding by using the skills that Sharon had taught us. The MFG would not be a success without the strong chairmanship of Membership Affairs Officer Sherry Chong and our OC team consisting of Ada Cheuk, Shiane Li, Hayden Leung, Lavender Chan and Pinky Yuen. Also, our beloved Project Advisor Past President Senator Winnie Yeung for her very precious advice.

- b) September Fellowship Gathering

I am also very glad to be appointed as Chairman of September Fellowship Gathering where it will be an enjoyable night after our Annual General Meeting and Election session! It will surely be a night full of joy and excitement to reunion with all our fellow Jayceettes members.

One more meeting will be held in October/November this year. The Committee has made some adjustments with an updated version as below.

2017-2019 RECOMMENDATION ON JCI HK JAYCEETTES’ PLAN OF ACTION (updated version)

A) CORPORATE DEVELOPMENT AND BRANDING

1. To maintain a clear and consistent identity of JCI Hong Kong Jayceettes. A focused branding strategy would help distinguish us from our peers, the public and other NGOs. It is suggested to keep innovating projects with themes that are consistently relevant to pressing social issues and female affairs. Theme continuity helps enabling public to understand our organization’s value more efficiently and effectively.

For instance, “2017 Care & Dare: FashionAble” is the 5th year using the project brand “Care & Dare” (香港女青年商會：敢想敢做). It is suggested to be maintained for brand continuity.

We may also make use of the “International Women’s Day” or other internationally known women-related dates to do promotions or create marketing contents as these match with our positioning as a female leadership organisation.

2. To plan and manage our marketing and communication strategies consistently e.g. making good use of social media platforms. Marketing and communications are crucial to our organization. Through these, we can shed light on the positive change we create, amplify our message of empowerment, and share our JCI Mission with the community.

3. With a positive and strong brand, we can effectively:

- attract and retain members;
- attract sponsors and funding;
- obtain coverage in the press and media;
- garner support and recognition for projects; and
- further the JCI Vision and Mission

1.3 To target a minimum of 10% net membership growth (full members) each year.

1.4 To have alignment with project teams about membership recruitment strategies at the first project preparatory meeting.

2. Retention & Involvement

2.1.1 providing trainings to prospective members and new members below one year of membership to understand the JCI values and build their capacity for further JCI development.

2.1.2 supporting new members to explore development opportunities according to their needs and aspirations.

2.2 To keep on organizing well received existing or past projects when appropriate, allowing more members to pass on their skill set and experience to new comers.

2.3 To build member engagement through involvement or participation in impactful projects and fellowship gatherings.

3. Training and Development

3.1 To continue the running of Jayceettes Academy with a long-term training mechanism and clear benchmarks of trainers’ qualification.

3.2 To provide members with training courses ranging from fundamental to refresher courses, embracing the purpose of empowering young people to create positive change in the community.

3.3 To encourage Jayceettes members with advanced JCI knowledge to become trainers at local, national and international levels, with the aim of transferring their know-how to other members and making additional contributions to JCI.

C) COMMUNITY DEVELOPMENT

- 1. Needs-oriented** – to strategically stay abreast of government’s policies and social conditions. For instance, the topic of breastfeeding was first shared by Professor Sophia Chan, then Under Secretary of Food & Health Bureau.
- 2. Sustainability** - to organize projects that have sustainable impact for preferably at least 3 years and maintain our brands through long-standing flagship projects.
- 3. Awareness** - to arouse awareness of the general public on certain topics that worth more public attention, such as social innovation, women empowerment, mental health and United Nations affairs. It is recommended to explore potential events and channels to let our initiative be heard.

5. Participating in joint projects and international events would be a great opportunity for members who are in favourite of internationalism.
6. Feature novel females in our publications to promote gender equality and establish a network in international arena, such like JCI TOYP Honourees, JCI Ambassadors, Oslo Business for Peace Awards recipients, UN Young Leaders for the SDGs, etc.

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF JUNIOR CHAMBER INTERNATIONAL HONG KONG JAYCEETTES
香港女青年商會

(incorporated in Hong Kong limited by guarantee)

Opinion

We have audited the financial statements of Junior Chamber International Hong Kong Jayceettes ("the Chapter") set out on pages 6 to 18, which comprise the statement of financial position as at 31 December, 2017, and the statement of comprehensive income, statement of cash flows and statement of changes in reserves for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial position of the Chapter as at 31 December, 2017, and of its financial performance and its cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standard for Private Entities ("HKFRS for Private Entities") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Chapter in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other Information

The directors are responsible for the other information. The other information comprises the information included in the directors' report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF JUNIOR CHAMBER INTERNATIONAL HONG KONG JAYCEETTES
香港女青年商會

Responsibilities of Directors and Those Charged with Governance for the Financial Statements

The directors are responsible for the preparation of the financial statements that give a true and fair view in accordance with HKFRS for Private Entities issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the directors are responsible for assessing the Chapter's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Chapter or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Chapter's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with HKSA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Chapter's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.

INDEPENDENT AUDITOR'S REPORT
TO THE MEMBERS OF JUNIOR CHAMBER INTERNATIONAL HONG KONG JAYCEETTES
香港女青年商會

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Chapter's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Chapter to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

**NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER, 2017**

1. General information

Junior Chamber International Hong Kong Jayceettes ("the Chapter") is incorporated under the Hong Kong Companies Ordinance with liability limited by guarantee. The address of the Chapter's registered office is located at 21/F., Seaview Commercial Building, 21-24 Connaught Road West, Sheung Wan, Hong Kong.

The financial statements are presented in Hong Kong dollars, which is also the functional currency of the Chapter.

The object of the Chapter is to develop and advance the principles of Junior Chamber International Inc. The principal activities of the Chapter are described in more detail in the Chapter's annual report. Under the provisions of the Chapter's memorandum of association, every member shall, in the event of the Chapter being wound up, contribute such amount as may be required to meet the liabilities of the Chapter, but not exceeding HK\$10 for each member.

2. Basis of preparation and accounting policies

These financial statements have been prepared in accordance with the Hong Kong Financial Reporting Standard of Private Entities (HKFRS for Private Entities) issued by the Hong Kong Institute of Certified Public Accountants and the requirements of the Hong Kong Companies Ordinance. The financial statements have been prepared under the accrual basis of accounting and on the basis that the Chapter is a going concern. They have been prepared under the historical cost convention, except for certain financial instruments, which are stated at their fair value, as explained in the respective accounting policy as set out below.

Revenue

Revenue is recognised when it is probable that the economic benefits will flow to the Chapter and when the revenue can be measured reliably, on the following bases:

- (i) Income from membership subscriptions and donation income are recorded on a cash receipt basis.
- (ii) Dividend income is recognised when the Chapter's right to receive payment is established.
- (iii) Activities income is recognised when the relevant events are held.
- (iv) Interest income is recognised as it accrues using the effective interest method.

2. Basis of preparation and accounting policies (continued)

Impairment of non-financial assets

At each end of the reporting period, the Chapter reviews internal and external sources of information to determine whether its tangible non-financial assets have suffered an impairment loss or impairment loss previously recognised no longer exists or may be reduced. If any such indication exists, the recoverable amount of the asset is estimated, based on the higher of its fair value less cost of disposal and value in use. Where it is not possible to estimate the recoverable amount of an individual asset, the Chapter estimates the recoverable amount of the smallest group of assets that generates cash flows independently (i.e. cash generating unit). If the recoverable amount of an asset or a cash generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash generating unit is reduced to its recoverable amount. Impairment losses are recognised as an expense immediately. A reversal of impairment loss is limited to the carrying amount of the asset or cash-generating unit that would have been determined had no impairment loss been recognised in prior years. Reversal of impairment loss is recognised as income immediately.

Recognition and derecognition of financial instruments

Financial assets and financial liabilities are recognised when the Chapter becomes a party to the contractual provisions of the instruments and on a trade date basis. A financial asset is derecognised when the Chapter's contractual rights to future cash flows from the financial asset expire or when the Chapter transfers the contractual rights to future cash flows to a third party. A financial liability is derecognised only when the liability is extinguished.

Financial assets

Financial assets are recognised in the statements of financial position when the Chapter become a party to the contractual provisions of the instrument.

On initial recognition, financial assets are measured at transaction price, include transaction costs for financial assets not at fair value through profit or loss, unless the arrangement constitutes, in effect, a financing transaction.

After initial recognition, financial assets are classified into one of three categories: financial assets measured at fair value through profit or loss, financial assets that are debt instruments measured at amortised cost, and financial assets that are equity instruments measured at cost less impairment.

(i) Financial Assets Measured at Fair Value Through Profit or Loss

Financial assets are classified as at fair value through profit or loss when the financial assets are within the scope of Section 12 of the HKFRS for Private Entities or if the financial assets are publicly traded or their fair value can otherwise be measured reliably without undue cost or effort.

Changes in fair value are recognised in profit or loss.

If a reliable measure of fair value is no longer available for an equity instrument that is not publicly traded but is measured at fair value through profit or loss, its fair value at the last date that instrument was reliably measurable is treated as the cost of the instrument, and it is measured at this cost amount less impairment until a reliable measure of fair value becomes available.

2. Basis of preparation and accounting policies (continued)

Financial assets (continued)

(ii) Financial Assets that are Equity Instruments Measured at Cost Less Impairment

Investments in non-convertible preference shares and non-puttable ordinary or preference shares that are not publicly traded and whose fair value cannot otherwise be measured reliably without undue cost or effort, and contracts linked to such instruments that, if exercised, will result in delivery of such instruments, are measured at cost less impairment.

(iii) Impairment of Financial Assets

At the end of each reporting period, the Chapter assess whether there is any objective evidence that financial assets that are measured at cost or amortised cost, are impaired.

For certain category of financial assets, such as accounts receivables, if it is determined that no objective evidence of impairment exists for an individually assessed financial asset, whether significant or not, the assets are included in a group with similar credit risk characteristics and collectively assessed for impairment.

Impairment losses, in respect of financial assets carried at amortised cost are measured as the differences between the assets' carrying amounts and the present values of their estimated cash flows discounted at the assets' original effective interest rate.

If there is objective evidence that impairment losses have been incurred on financial assets carried at cost less impairment, the amount of any impairment loss is measured as the difference between the asset's carrying amount and the best estimate of the amount that the Chapter would receive for the asset if it were to be sold at the reporting date.

The carrying amounts of the financial assets are reduced directly, except for the carrying amounts of accounts receivables which are reduced through the use of an allowance account. Any impairment loss is recognised in profit or loss immediately. If, in later periods, the amount of any impairment loss decreases, the previously recognised impairment losses are reversed directly, except for the amounts related to accounts receivables which are reversed to write back the amount previously provided in the allowance account. The reversal is recognised in profit or loss immediately.

(iv) Derecognition of Financial Assets

Financial assets are derecognised when the contractual rights to the cash flows from the financial assets expire, or are settled, or the Chapter transfer to another party substantially all of the risks and rewards of ownership of the financial assets.

On derecognition of financial assets in their entirety, the differences between the carrying amounts and the sum of the consideration received and any cumulative gains or losses are recognised in profit or loss in the period of the transfer.

NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED 31 DECEMBER, 2017

2. **Basis of preparation and accounting policies (continued)**

Receivables

Receivables are recognised initially at fair value and subsequently measured at amortised cost using the effective interest method, less provision for impairment loss. Impairment loss on receivables are established when there is objective evidence that the Chapter will not be able to collect all amounts due according to the original terms of the receivables. The amount of the loss is the difference between the asset's carrying amount and the present value of estimated future cash flows, discounted at the original effective interest rate. The carrying amount of the assets is reduced through the use of an allowance account, and the amount of the loss is recognised in profit or loss. When a receivable is uncollectible, it is written off against the receivables directly and the amount previously charged to the allowance account is reversed. Subsequent recoveries of amounts previously written off are credited directly in profit or loss and of amounts previously charged to the allowance account are reversed.

Cash and cash equivalents

For the purpose of the statement of cash flows, cash and cash equivalents represent cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term highly liquid investments which are readily convertible into known amounts of cash and subject to an insignificant risk of change in value, with original maturities of three months or less.

Payables

Payables are stated initially at their fair value and subsequently measured at amortised cost using the effective interest method unless the effect of discounting would be immaterial, in which case they are stated at cost.

Reserve funds

The General fund consists of accumulated surplus from the statement of comprehensive income.

The Trust fund is to safeguard the surplus derived from the organisation of the 1979 JCI Hong Kong Conference; to invest the money to generate interest and with the interest earned, and to subsidise Jayceettes' Chapter projects.

Specific fund comprises the following:

Reception fund is maintained to subsidise the fee for Mainland Female Visitors to attend JCI Hong Kong Jayceettes Events.

3. Transition to the HKFRS for Private Entities

(a) Application of the HKFRS for Private Entities

The Chapter's financial statements for the year ended 31 December, 2017 are its first annual financial statements prepared under accounting policies that comply with the HKFRS for Private Entities. The Company applied full Hong Kong Financial Reporting Standards (HKFRSs) to prepare its financial statements prior to the application of the HKFRS for Private Entities.

The Chapter's date of transition is 1 January, 2017 and the Chapter prepared its opening statement of financial position in compliance with the HKFRS for Private Entities at that date.

The Chapter has applied all the mandatory exceptions and certain of the optional exemptions from full retrospective application of the HKFRS for Private Entities when preparing these financial statements in accordance with the HKFRS for Private Entities.

(b) Reconciliation

The following reconciliations show the effect on the Chapter's retained fund (Trust fund) of the transition from using the full HKFRSs to the HKFRS for Private Entities at 1 January, 2017 and 31 December, 2017 and the Chapter's surplus for the year ended 31 December, 2017.

3. Transition to the HKFRS for Private Entities (continued)

(b) *Reconciliation (continued)*

Note: Explanation of transition to the HKFRS for Private Entities

(i) Reclassification of fair value reserve

The fair value reserve under the full HKFRSs has been reclassified to the retained fund (Trust fund) at the date of transition.

(ii) Reclassification of fair value gain on other financial assets

The fair value gain on other financial assets has been recognised in profit or loss at the date of transition. Under the full HKFRSs, such amount was recognised in the other comprehensive income.

4. Key sources of estimation uncertainty

The Chapter makes estimates and assumptions concerning the future. The estimate and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are discussed below:

Valuation of other financial assets

The Chapter determines that other financial assets are impaired when there has been a significant or prolonged decline in the recoverable amount below its cost. The determination of when a decline in recoverable amount below its cost is not recoverable within a reasonable time period is judgmental by nature, so profit and loss could be affected by differences in this judgement.

5. Taxation

No provision for Hong Kong profits tax is required as the Chapter is an approved charitable institution exempted from tax under Section 88 of the Inland Revenue Ordinance.

6. Directors' remuneration

The directors received no remuneration for their services to the Chapter during the year (2016: Nil).

7. Other financial assets

	2017	2016

<i>Financial assets at fair value through profit or loss:</i>

No impairment losses have been recognised in respect of the other financial assets during the financial year.

The Trust fund Committee, after the first meeting, also resolved to utilize a small part of the fund to encourage the current President to attend JCI Conference, and the current President and the incoming President to attend the World Congress. In the case that both of them could not attend, subsidies would be granted on application to other Jayceette delegates.

14. Management of funds

The Chapter's funds accounts represent retained funds under General fund, Specific fund and Trust fund. It is the Chapter's objective to maintain sufficient reserves and funds to safeguard the Chapter's ability to continue as a going concern and to support its current and future operating expenditure requirements.
