To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the biennial preparation and posting of a Communication on Engagement (COE) that comprises of a chief executive statement of continued support for the UN Global Compact, a description of practical actions in support of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We will be late in creating, sharing and posting our COE report due to some reason. Our activity year is 12 months from September to August every year, and this time, we understand that the periods subject to reporting are, from September 2016 to August 2017, from September 2017 to August 2018, and the 2 months from September 2019 to the reporting date.

However, the editing of our annual report covering the period of the previous term (ending August 2018) is not yet started, and it can proceed based on the contents of activity report planned to be presented and approved at annual general members' meeting scheduled on November 18th only, and after more than 1 month of the production period after the general meeting, the annual report will be ready.

We hereby ask for an extension period in order to be able to post a COE that describes our organization's efforts and progress in support of the UN Global Compact. Our COE will be posted on the UN Global Compact website by February 15, 2019 at the latest.

Sincerely yours,

Yuka IWATSUKI

President, Action against Child Exploitation (ACE)
