**Honourable Secretary General,**

### **RE: STATEMENT OF CONTINUED COMMITMENT TO THE UNITED NATIONS GLOBAL COMPACT**

Reference is made to the above subject matter.

War against corruption needs collective action of multi stakeholders and well functioned Public Private Partnership arrangements. In other words, it calls for partnerships and coordination between different state institutions and between state institutions and non-state actors (private sector, civil society organizations, grassroots groups, academia and media).

We must appreciate and recognize the effort have already done by government and private sector on integrating signing of Integrity pledged and anti-bribery policy as part of tendering process. But there is more to do signing up is only the first step, more significant is the detailed effort to ensure compliance in letter and spirit and see greater participation from the private sector.

In view of the above, **Tanzania Private Sector Foundation (TPSF)**, in collaboration with **The Global Compact Network Tanzania (GCNT)** would like to advance the effort of fighting against corruption through embedding strong measures in operations by laid the basis for companies to engage meaningfully on Integrity Pacts.

Throughout the reporting year 2017 to date, TPSF, has worked hard to engage with its members with particular focus on Integrity and Business Ethics. In addition, thus initiative shall strengthen transparency and accountability and will also focus on providing specific support to Global Compact Network Tanzania for coordination of the existing initiatives, Tanzania Anti-Corruption Network (TACN) and TPSF's Business Action Against Corruption (BAAC) to strengthen its capacity to advocacy, accountability and monitoring on fighting against corruption at all level

As detailed within the enclosed Communication of Engagement, TPSF aims to continually improve the adoption of the UN Global Compact principles within the organisation and business community at large.

We look forward to continue working in partnership with the UN Global Compact and will continue to develop our activities in response to the Global Compact commitments and provide timely updates accordingly.

Again, on behalf of TPSF, I greatly appreciate your commitment and dedication you have demonstrated, and we look forward to work with you in the near future, as we get further along in scaling up the private sector development.

Yours sincerely,

**TANZANIA PRIVATE SECTOR FOUNDATION**
