To our stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Engagement (COE) that comprises of a chief executive statement of continued support for the UN Global Compact, a description of practical actions in support of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COE report due to the long holiday/festival period which has just ended. We are also preparing for important engagements on the subject of climate change in the coming months. This has helped us in developing strong networking linkages with various stakeholders including the state and national government, which given the current contextual challenges is not an opportunity we could afford to loose. Due to the limited human resource availability we could not fulfill the COE requirement of the UN Global Compact, but we would like to strongly reinforce our commitment to the UN Global Compact.

We hereby ask for an extension period in order to be able to post a COE that describes our organization's efforts and progress in support of the UN Global Compact. Our COE will be posted on the UN Global Compact website by 30th December, 2016 at the latest.

Sincerely yours,

Sharad Joshi
