

A GLOBAL THINK TANK IN HIGHER EDUCATION

TO
United Nations Global Compact

Date: 16.11.2018

INITIATIVES TAKEN AND FURTHER ENGAGEMENT COMMITMENT BY MTC GLOBAL IN LINE WITH THE UN GLOBAL COMPACT

1. MTC Global was the participant / consultant for World Bank Project (Higher Education Quality Enhancement Project- HEQEP), Bangladesh and conducted training program for their Directors/Additional Directors of IQAC for various public and private universities at Bangalore. We have also conducted peer review exercise for many universities as part of this project and successfully submitted the external validation report and thus helping Bangladesh in Quality Assurance and Control in Higher Education. MTC Global is striving all possibilities to contribute further to Bangladesh and other countries which are in need of such service.
2. Conducted training program on 'Entrepreneurship and New Venture Creation' for the student of 'Vivekanandha College of Arts & Science, Tiruchengode, TN. MTC Global is going all out to cater such training programs to maximum number of colleges in India in line with the 'Make in India' initiative.
3. Published an Edited Book titled 'University 5.0' addressing the emerging and future issues in Higher Education on 8th Sep 2018 at Bangalore. We have planned to publish every year a good quality edited book addressing the emerging issues , challenges and opportunities in higher education space.
4. We continue to bring out our top quality peer reviewed journal 'MTC Global Journal of Management and Entrepreneurship' addressing the current issues in higher education every quarter.
5. Jointly organized 'India Business Study Program' in Apr 2018 at Bangalore wherein students from Bangladesh participated. We want to further expand this activity wherein we can host students from other countries and promote social harmony, cultural exchange and also promote collaboration on other areas as well.
6. We continue to add values to thousands of students through our Centre of Excellence – Conexion initiatives established in many colleges.
7. Hosted our 8th Annual Global Convention on 'Industry 4.0 – its impact on higher education and mastering hyper growth' on 8th Sep 2018 at Hotel Fortune Select Trinity , Bangalore. This global convention will be held every year beside we have taken up a call to

host more number of seminar and workshops benefitting the stake-holders on various pertinent areas.

5. Many joint conference with the different colleges in India on the topics of great relevance.

6. Our online educational portal at www.theglobepost.in is for online petitions for some genuine reasons and draws the attention of the stake holders.

7. MTC Global English Language Lab is actively involved with many schools and colleges for improvement in English proficiency of the students.

8. Working in the advocacy capacity for many educational institutions and helping them in scaling up activities pro-bono.

9. Recently we have launched 'Global Entrepreneurs Grid' – an initiative to promote start-up eco-system and it has already become a grand success. This has a huge potential. We would like to connect with the start-up eco-system of other countries and build a grid for synergistic efforts across geographic regions.

Thanks and Best Regards,

Prof. Bholanath Dutta
