Dear Mr Secretary-General,

Australia Post's 2018 UN Global Compact Communication on Progress

I am pleased to confirm that the Australia Post Group continues to operate in accordance with and actively support the Ten Principles of the UN Global Compact (UNGC) relating to Human Rights, Labour, the Environment and Anti-Corruption and, accordingly, to submit our 2018 Communication of Progress (CoP).

Australia Post first became signatory to the UNGC in 2010 and we remain committed to incorporating the Global Compact and its principles in our business strategy, culture and daily operations.

Our 2018 Annual Report, which incorporates our CoP, highlights the company's progress in implementing the Ten Principles over the last 12 months. It also reflects our strengthened our approach to the UN Sustainable Development Goals (SDGs).

We believe addressing these goals is critical to seeing our customers, communities and our own business prosper and become more inclusive. As such, we have been actively championing this important global agenda with the Australian public, including through the release of a Special Edition SDG Stamp Pack in June 2018.

Australia Post seeks to operate transparently and we commit to share this information with our stakeholders using our primary channels of communication.

Yours sincerely
