## Environment

- Principle 7 - Businesses should support a precautionary approach to environmental challenges
- Principle 8 - Undertake initiatives to promote greater environmental responsibility
- Principle 9 - Encourage the development and diffusion of environmentally friendly technologies

## Commitment

- Each week 1.7 million customers visit our 1,123 post offices. Each day we deliver 2.5 million mail items to 2.1 million business and residential addresses. The scale of our operations, whether through our mails or retail networks, provides opportunities to make a positive impact on the economy, the environment and society in general. We recognize that our building and fleet impact on the environment. Our focus is on increasing our carbon efficiency and energy reduction.

## Framework

- The Company has a policy to measure its carbon footprint in an internationally recognised manner. Since 2009 we have worked with International Post Corporation (IPC) to benchmark our operations with 23 other postal services across the world.
- Our measurement of carbon emissions is co-ordinated through the IPC Environmental Monitoring and Management System (EMMS) – through which we report annually. Annual results are externally assured and published by IPC. An Post also publish our individual performance within the Company's annual report.
- The company has committed to a continuous process of reduction of greenhouse gas emissions in its operations over a period of time including the attainment of objectives and measurable targets. Our target is 20% reduction in CO2 by 2020.
- The Company has a formal energy and carbon policy which guides us in reducing our energy use and carbon emissions.
- During 2018 we maintained ISO50001 certification. This internationally accredited energy management standard now assures our internal monitoring and both internal and external reporting on energy use at An Post.
- We are complying with government legislation, targeting a reduction in buildings energy use by 33% in 2020. Ref: EUROPEAN COMMUNITIES (ENERGY PERFORMANCE OF BUILDINGS) REGULATIONS 2006.
  - We measure our public buildings energy performance and fleet energy use and report this to Sustainable Energy Authority Ireland (SEAI). We use our results to measure performance on a year on year basis. An Post was

Driver Training Collection and delivery staff in our Mails & Parcels business continue to undergo advanced driver training on a rolling basis, ensuring safety, efficiency and eco-driving best practice

## **Sustainable Development Goals (SDGs)**

- The UN's SDGs make an explicit call for businesses to emerge as frontrunners in stepping up to the sustainability challenge. Mapping relevant SDGs against the postal value chain enables An Post to identify priority areas on which to focus sustainable action. In doing so, postal companies can understand how our core activities impact different SDGs, and by specifically focussing on issues which are most material to the postal sector, we can influence the most positive change.
- An Post is developing a company strategy to include the SDGs within the day to day operations of the business. We are also working with IPC to

implement agreed and benchmarked measurement of performance in relation to SDGs.

- Since 2012 An Post has participated in the IPC sustainability programme.
- An Post has committed itself to 5 of the 17 Sustainable development Goals (SDGs).
- An Post identified the United Nations Sustainable Development Goals that are most appropriate goals for the Postal Industry.

## Anti-Corruption

- Principle 10 - Businesses should work against all forms of corruption, including extortion and bribery.

## Commitment

Ensuring good governance is a key principle of An Post's responsible business practice. As corporate responsibility becomes ever more important to our business performance, we have put in place appropriate governance structures to co-ordinate control and implement company policy and practice. Our Board of Directors and senior executives have formally adopted roles and responsibilities related to corporate governance as well as conducting their day to day business and decision-making in adherence with our Company's responsible policies and practices.

## Framework

Maintaining high standards of corporate governance is a priority for An Post. In developing our corporate governance policy, the Board has sought to give effect both to the Code of Practice for the Governance of State Bodies, issued by the Department of Finance, and to the relevant main and supporting principles of good governance outlined in the 2009 Combined Code issued by the United Kingdom's Financial Reporting Council.

An Post Policy and Procedure for Raising Matters of Concern is available to all staff. This document sets out procedures intended to encourage and enable employees to come forward and raise, within a supportive Company framework, genuine and serious concerns they may have about dishonest or unethical activity in An Post or its subsidiaries.

## Practise

The key procedures that the directors have established with a view to providing effective internal control are:

- A clear focus on business objectives as determined by the Board after consideration of the statutory responsibilities and risk profile of the Group's businesses.
- A defined organisational structure with a clear lines of responsibility, delegation of authority and segregation of duties designed to foster a beneficial control environment.
- A risk management process which considers the strategy and development of the business in the context of the annual budget process when financial plans and performance targets are set and reviewed by the Board in light of the Group's overall objectives.
- A reporting and control system which ensures that individual businesses report to the board on an ongoing basis on their progress in achieving objectives.
- The preparation and issue of financial reports, including the consolidated annual accounts is managed by the Group Finance department.
- An internal audit function which monitors compliance with policies and the effectiveness of internal control within the Group's businesses.
- A Board level committee, the Audit and Risk Committee, which approves internal and external audit plans and deals with significant control issues raised by the internal and external auditors.

## Performance

- In relation to the company's corporate governance policy and procedures, the board of Directors has an oversight role in setting and annually reviewing the company's responsible business practices and performance.
- The Company's diversity principles and policies apply to the nomination and composition of the company's board of directors/supervisory board.
- The Company's mission, vision and values are communicated internally and externally.
- Awareness is raised as to how the Company lives by these values in everyday activities and operations (e.g. via code of practice, code of ethics, code of conduct).
- The Company's executive has appointed a person to have executive responsibility on all corporate responsibility and sustainability issues.
- The company has allocated corporate responsibility KPIs to the relevant Company Directors. These KPIs are made part of a person's performance review and pay (compensation/bonus).
  
- The An Post Board has a review role in relation to the following areas:
  - Corporate responsibility policy
  - Corporate responsibility performance
  - Breach of legislation
  - Compliance
  - Anti-competitive behaviour
  - Bribery & corruption
  - Operational risks
  - Reputational risks

## Chief Executive Statement of Commitment

An Post is a major commercial organisation providing a wide range of services which encompass postal, communication, retail and financial services. This is our first communication on progress to the UN Global Compact.

An Post is one of Ireland's largest companies directly employing over 9,500 people through its national network of retail, processing and delivery points.

Each week 1.7 million customers visit our 1,123 post offices. Each day we deliver 2.5m mail items to 2.1 million business and residential addresses.

The scale of our operations, whether through our mails or retail networks, provides opportunities to make a positive impact on the economy, the environment and society in general.

Sustainability continues to be managed as a strategic project within the Company. A robust and appropriate Governance structure has been developed and implemented as well as a formal Energy and Carbon Policy.

Sustainability is incorporated as one of An Post's six key values, *Respected Corporate Citizen*. The Company's management and staff make the following commitment to our stakeholders: That we will, in the course of our day to day business, care for the environment and be engaged in the community as respected corporate citizens.

This commitment is key to our future business strategy, contributing to our overall vision of working together to deliver a better quality service, more efficiently, to more customers by continuously adapting, innovating and implementing change.
