

GLOBAL

**challenges require action and
leadership from businesses**

OUR VISION

LE34

OUR VISION

LE34 is a company that contributes to **social and economic growth** in developing countries by providing **consultancy services on responsible land governance** to governments, academia and partners in countries that need **secure and equal access to food and land**.

By sharing our **unique knowledge** and experience on responsible land management and governance and engaging in **strategic partnerships**, we contribute actively to the achievement of the **Sustainable Development Goals**.

OUR PROMISE:

For a world
with equal access
to land rights

LE34

We believe that our unique knowledge in land management enables us to contribute to a world with secure land tenure and equal access to rights over land and other natural resources for all.

We believe that our expertise obligates us to work towards a world where responsible land governance can help eliminate poverty and hunger.

Involvement & action for responsible land governance

GOAL 1.4

By 2030 ensure that all men and women, particularly the poor and the vulnerable, have **equal rights to economic resources, as well as access to basic services, ownership, and control over land and other forms of property, inheritance, natural resources**, appropriate new technology, and financial services including microfinance

GOAL 2.3

By 2030 **double the agricultural productivity and the incomes of small-scale food producers**, particularly women, indigenous peoples, family farmers, pastoralists and fishers, including **through secure and equal access to land, other productive resources and inputs**, knowledge, financial services, markets and opportunities for value addition and non-farm employment

Partnerships for responsible land governance

GOAL 17.16

Enhance the global partnership for sustainable development, complemented by **multi-stakeholder partnerships that mobilize and share knowledge**, expertise, technology and financial resources, to support the achievement of the sustainable development goals in all countries, in particular developing countries
