**Request for reporting cycle adjustment**

Eltel Networks would like to adjust the reporting periods to our standard group annual calendar year reporting period. Currently we have reported annually with periods from August year 1 to July year 2. Due to practical reasons, we would like to change to calendar year, which means that our next COP will be for the period August 2017 to December 2018. That report will be submitted on the autumn of 2019.

Best regards
