Paris, January 8<sup>th</sup>, 2018,

To our stakeholders

We recognize that a key requirement for participation to the UN Global Compact is the publication of an annual Communication on Progress (COP), which includes a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

As this year, we would like our COP to be peer reviewed to reach the Advanced Level, we would like to benefit from additional time for finalising this document. We are indeed committed to submitting a COP that will carefully and precisely describe the activities of our growing organisation, following the recent development of the agency. This implies collecting and aggregating new indicators, as well as better defining our contribution to the UN Global Compact principles achievement.

We hereby ask for an extension period in order to be able to submit a COP describing our company's efforts and progress to implement the principles of the UN Global Compact.

Thank you in advance for your understanding,

Yours sincerely,
