Communication on Progress (COP)

To our stakeholders:

We recognize that a key requirement for participation on the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regards to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Our sustainability report will be finished in March 2019. The COP report will be included in Trioplast Sustainability report for 2018.

Based on this we ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of UN Global Compact.

Trioplast's COP for 2018 will be posted on the UN Global Compact website by 2019-03-30 at the latest.

Best regards
