STATEMENT

Being a good corporate citizen is an ambition enthusiastically embraced at all levels within our units business. As a member of the UN Global Compact, we believe that our business policies incorporate with the Ten Principles. Our boards fully supports our actions in working towards sustainability goals – in particular those contained in the UN Global Compact – and endorse the future priorities and specific targets we set out in our report.

Through our support of the UN Global Compact, we also aim to move the agenda forward on performance related to human rights, labor rights, the environment and the fight against bribery and corruption.

Here we provide our performance of 2018 with cross-references to the related GC principles.
