Paris, May 2nd, 2018

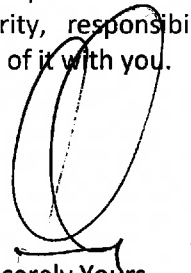

Dear Mr. Secretary-General,

With the present letter, **Mazars** is pleased to reaffirm once more its commitment to the Ten Principles of the United Nations Global Compact in regards to Human Rights, Labour, Environment and Anti-Corruption. As an international, integrated and independent organisation, we are dedicated not only to making sure these principles are upheld within our entire organisation, but as well among our eco-system of stakeholders.

Every year, we describe our firm's efforts to implement the Ten Principles of the United Nations Global Compact in our Communication on Progress (COP), which you will find alongside this letter. By publishing our updated COP on the United Nations Global Compact dedicated webpage, we demonstrate our commitment to transparency. This annual exercise also enables us to take a step back and to look at what actions and projects we have undertaken to further advance, within our sphere of influence, the United Nations Development Goals.

In addition to the traditional COP questionnaire, we are also submitting this year a summarised presentation of where we stand in regards to the Ten Principles' requirements, as well as our 2016-17 Group Annual Report: "Transformation". At **Mazars**, we believe that continuous and sustainable growth entails being able to adapt and transform. We will strive to become more agile, more flexible, and more diverse. This is how we will continue to create shared value for our clients, our teams and all our stakeholders. In our Annual Report you will also find that we have continued our journey towards integrated reporting, a journey we started three years ago, notably by publishing a set of new extra-financial key performance indicators.

I would like to thank you again for the opportunity to participate in this initiative. We at **Mazars** – an international organisation that is dedicated to integrity, responsibility, diversity, excellence, stewardship and transparency – are honoured to be a part of it with you.

Sincerely Yours,

Philippe Castagnac
Chairman of the Mazars Executive Board
