8th February 2019

For the attention of UN Global Compact and our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

I am writing to request a grace period for the submission of Pentland's 2019 COP. We are making this request to provide an opportunity to align our data submission with internal data reporting and thus providing more accurate and complete information.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. We currently report by 5th April we anticipate that our report will be complete and submitted by May 31st. Our new COP report will be posted on the UN Global Compact website by May 31st at the latest.

Sincerely yours,

Andrew Long
