

19th February 2019

To our Stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are unfortunately late in creating, sharing and posting our COP report as the Department responsible for reporting on our Global Compact principles is currently inundated with several major on-going projects.

We hereby ask for an extension in posting our COP, that describes our company's efforts and progress to implement the principles of the UN Global Compact.

Sincerely yours,

Kimberly Perai
Group Strategy Manager
