Forestry and Environmental Action

newsletter 2018

# supports

In 2018, we emphasize our efforts in the fight against land degradation in Republic of Serbia, including the successfully organized and implemented Regional Workshop, and a series of training sessions for representatives of cities and municipalities related to submission of data for the contaminated site cadastre. These activities were carried out between October and December 2018 within the framework of the Project "Improvement of Cross-sectoral Land Management through Reduction of Pressure on Land and Land Use Planning".

# podrška

U 2018. godini posebno ističemo podržavanje i napore u borbi protiv degradacije zemljišta na području Republike Srbije, između ostalog uspješno organizovanu i sprovedenu Regionalnu radionicu te obuku predstavnika gradova i općina za dostavljanje podataka za katastar kontaminiranih lokacija u periodu od oktobra do decembra 2018. godine, u okviru Projekta „Unapređenje međusektorskog upravljanja zemljištem kroz smanjenje pritiska na zemljište i planiranje korištenja zemljišta“.

# motivates

With the support of **fea** and all of the significant local institutions in the pilot region of the Central Bosnia Canton (CBC), the “Association of Private Forest Owners of CBC” implemented its first site activity to the satisfaction of its members. The activity of forest land afforestation resulted in the planting of 1,500 new spruce seedlings and 1.2 ha of forested territory of private land owned by the Association members.

# motivira

Uz **feu** i podršku svih značajnih lokalnih institucija pilot područja Srednjobosanskog kantona-SBK, Udruženje „Asocijacija privatnih šumoposjednika SBK” sprovedo je prvu akciju na terenu na zadovoljstvo svojih članova. Akcija pošumljavanja šumskog zemljišta rezultirala je sa 1.500 novih sadnica smrče i 1,2 ha pošumljene teritorije privatnih parcela članova Udruženja.

# helps

**fea** and the Danish Forestry Extension (DFE) helped establish the first cantonal association of private forest owners in the Federation of Bosnia and Herzegovina (FBiH).

The “Association of Private Forest Owners of CBC” was officially incorporated at the Founding Assembly in Busovača on 4 October 2018.

**fea** goes a step further - in the next three years, it will continue to strengthen the Association in order to boost positive changes in the private forest sector in CBC and beyond!

# pomaže

**fea** i Danska savjetodavna služba (eng. Danish Forestry Extension-DFE) pomogli su osnivanje prvog kantonalnog interesnog udruženja privatnih šumoposjednika u FBiH.

Udruženje “Asocijacija privatnih šumoposjednika SBK ” je zvanično osnovano na Osnivačkoj skupštini Udruženja u Busovači 4.10.2018. godine.

**fea** ide korak dalje - u naredne tri godine nastaviti će jačati Udruženje kako bi isto bilo implus pozitivnih promjena u sektoru privatnih šuma SBK a i šire!

**„Kampanja obnove šuma je rat za unapređenje prirode.”**

# educates

## Educational eco tours

Through the “Organisation of Educational Eco Tours in Protected Areas in Republic of Serbia” Project, as well as through numerous other projects, feahas been facilitated networking and partnerships between the private, non-governmental and public sectors in order to develop rural tourism with the sustainable use of protected areas.

## European Researchers' Night

The **fea** team took part in the European Researchers' Night on 28 September 2018, a festival of science and research, which is celebrated in 300 cities throughout Europe, and traditionally for the seventh year in a row in the cities of BiH as well.

The **fea** team prepared entertaining and interactive educational materials for a workshop with children up to 12 years of age on the topic of “Importance of Forests for Our Present and Future”. The aim of the workshop was for children to learn about ecosystem services (functions) of forests together with us.

## Campaign on the importance of private forests in FBiH “Sit on 1 ton of CO2”

The campaign was conducted with the aim of raising public awareness of the importance of private forests in terms of the public benefits of forests and economic sustainable development in FBiH. The campaign was conducted in three cities (Sarajevo, Travnik and Busovača) in the period from 9 to 27 July 2018, in order to draw attention to small forest owners in rural areas where the management and use of private forests contributes to their ecological, economic and social stability.

# edukuje

## Edukacione eko ture

Kroz Projekat „Realizacija edukativnih eko tura u zaštićenim područjima u Republici Srbiji“ kao i kroz mnogo druge projekte, fea je potpomogla umrežavanje i ostvarivanje partnerstva između privatnog, NVO i javnog sektora u cilju razvoja ruralnog turizma uz održivo korištenje zaštićenih područja.

## Europska Noć Istraživača

fea tim uzeo je učešće i u Evropskoj noći istraživača, 28. septembra 2018. godine, festivalu nauke i istraživanja koji se obilježava u 300 gradova širom Evrope, a već tradicionalno sedmu godinu zaredom i u gradovima BiH.

fea tim je pripremio zabavne i interaktivne edukativne materijale za radionicu sa djecom do 12 godina, na temu „Važnost šuma za našu sadašnjost i budućnost“. Cilj radionice bio je da djeca zajedno sa nama uče o ekosistemskim uslugama (funkcijama) šuma.

## Kampanja o važnosti privatnih šuma Federacije BiH “Sjednite na 1 tonu CO2”

Kampanja je provedena sa ciljem podizanja svijesti javnosti o važnosti privatnih šuma sa aspekta opštekorisnih funkcija šuma i ekonomskog održivog razvoja u Federaciji BiH. Kampanja je provedena u tri grada (Sarajevo, Travnik i Busovača) u periodu od 09- 27. jula 2018.godine, kako bi se skrenula pažnja na male šumoposjednike u ruralnim područjima gdje upravljanje i korištenje privatnih šuma doprinosi njihovoj ekološkoj, ekonomskoj i društvenoj stabilnosti.

# mediates

Since its very foundation in 2007, **fea**'s guiding principle has been to provide support to government authorities and communities, as well as the private sector, in the responsible use of natural resources in accordance with the legitimate requirements of the society.

## High-level meeting

In the period 20-21 November 2018, we organized a high-level meeting on improving the management of private forests in FBiH.

The meeting was attended by representatives of ministries and forestry management authorities, representatives of forestry enterprises, the non-governmental sector as well as other stakeholders, international and national experts in the field of private forests. The aim of the meeting was to start a dialogue and discuss key issues related to the management of private forests in FBiH.

# posreduje

Od samog osnivanja organizacije **fea** (2007) naš vodeći princip rada je pružanje podrške vlastima i zajednicama, kao i privatnom sektoru, u odgovornoj upotrebi prirodnih resursa u skladu sa legitimnim zahtjevima društva.

## High-level meeting

U periodu 20.-21.11.2018. godine organizovali smo Sastanak na visokom nivou na temu unapređenja upravljanja i gospodarenja privatnim šumama u FBiH.

Sastanku su prisustvovali predstavnici ministarstava i uprava za šumarstvo, predstavnici preduzeća u šumarstvu, NVO sektor kao i druge zainteresovane strane, međunarodni i nacionalni stručnjaci iz oblasti privatnih šuma. Cilj sastanka je bio pokrenuti dijalog i aktualizirati ključna pitanja vezana za upravljanje i gospodarenje privatnim šumama u FBiH.

**fea** is a member of 4 international organizations:  
UNCCDCSO NETWORK, GEF-CSO NETWORK,  
UN GLOBAL Compact and FOREXT network

**fea** je članica 4 međunarodne organizacije:  
UNCCD CSO NETWORK, GEF-CSO NETWORK,  
UN GLOBAL Compact i FOREXT network

# implements

The key areas in which **fea** has been active are:

- sustainable development and management of natural resources (forests, water, land)
- implementation of international multilateral environmental agreements (CBD Convention, United Nations Convention to Combat Desertification - UNCCD, United Nations Framework Convention on Climate Change - UNCCC)
- Support to the United Nations Sustainable Development Goals,
- environmental protection and enhanced management of protected areas
- empowerment of women and youth

<https://tinyurl.com/y7kb9mj9>

# provodi

Najvažnije sfere dosadašnjeg djelovanja **fea-e** su:

- održivi razvoj i upravljanje prirodnim resursima (šume, vode, zemljište)
- implementacija međunarodnih multilateralnih ugovora u sektoru okoliša (Konvencija o biološkoj raznolikosti - CBD, Konvencija ujedinjenih naroda za borbu protiv dezertifikacije - UNCCD, Okvirna konvencija o klimatskim promjenama Ujedinjenih naroda - UNCCC)
- podrška Ciljevima održivog razvoja Ujedinjenih Nacija,
- zaštita okoliša i unaprijeđeno upravljanje zaštićenim područjima
- osnaživanje žena i mladih

# inspires

By pointing out examples of good practice, giving ideas and motivating organizations whose goal is sustainable management of natural resources and sustainable development, **fea** inspires effort and commitment to protect and improve the state of forests and the environment. By protecting the environment and OUR forests, we do protect nature ONLY, but ensure the future of the planet Earth, and provide the foundation for further development of our region.

## New Year's gathering with partners and donors at Zlatibor

The aim of the event was to (i) become familiar with the scope of work of other important organizations/institutions, (ii) find a potential area for cooperation, and (iii) encourage communication on current issues in the natural resource management sector.

## Study tour to Croatia and Slovenia

**fea** organized a study trip to Croatia and Slovenia in order to communicate to the participants (members of the newly founded "Association of Private Forest Owners of CBC", representatives of the Busovača Municipality, the cantonal ministry and enterprises in the forestry sector) the importance of cooperation of forest owners by establishing interest associations and point out examples of good practice in neighbouring countries and members of the European Union regarding the issue of private forests.

Motivated by the ideas and achievements of similar associations, but also by ordinary people - small private forest owners, sharing the same interests and goals, we are starting the creation and implementation of new activities within Phase 2 of the "Empowering Communities through Democratic Management of Natural Resources" Program, which will last another three years (2019-2021).

**„If you go off into a far, far forest and get very quiet, you'll come to understand that you're connected with everything."**

- Allan Wats

# inspiriše

Ukazivanjem na primjere dobre prakse, dajući ideje i motivirajući organizacije čiji je cilj održivo upravljanje prirodnim resursima i održivi razvoj, fea inspiriše trud i zalaganje za zaštitu i unapređenje stanja šuma i okoliša. Štiteći okoliš i NAŠE šume, ne štitimo SAMO prirodu već osiguravamo budućnost planete Zemlje te osiguravamo temelje za dalji razvoj našeg regiona.

## Novogodišnje druženje sa partnerima i donatorima na Zlatiboru

Cilj događaja bio je (i) upoznavanje sa djelokrugom rada drugih važnih organizacija/institucija, (ii) pronalaženje potencijalnog prostora za saradnju te (iii) poticanje komunikacije o aktuelnim pitanjima u sektoru upravljanja prirodnim resursima.

## Studijsko putovanje

fea je organizovala i Studijsko putovanje u Hrvatsku i Sloveniju kako bi se učesnicima (članovi novoosnovanog Udruženja "Asocijacija privatnih šumoposjednika SBK", predstavnici Općine Busovača, kantonalnog ministarstva i preduzeća u sektoru šumarstva) iskomunicirao značaj udruživanja šumoposjednika u interesne asocijacije i približio primjer dobre prakse u susjednim zemljama, članicama Evropske Unije, po pitanju problematike privatnog šumoposjeda.

**Motivisani idejama i postignućima sličnih asocijacija ali i običnih ljudi- malih privatnih šumoposjednika, djeleći iste interese i ciljeve, idemo u kreiranje i implementaciju novih aktivnosti faze 2 Programa „ koja će trajati još tri godine (2019-2021. godina).**

(More information coming soon on our web site)

## Coming soon:

We are currently developing a Guide for Mobilization of Forest Wood Biomass in BiH, which should contribute to a higher degree of utilization and quality of wood biomass in BiH, and the institutionalization of sustainable forest practices in BiH. Through this project, fea will support the development of a policy for sustainable use of biomass in BiH, and the selection and further elaboration of the most realistic recommendations from the previously conducted Study on Policy Gaps in the energy and forestry sectors.

We are also expecting an initial meeting within our new regional project "Regional Action for Combating Forest Crime and Corruption", during which we will plan activities for 2019 with our partners and stakeholders from 4 countries: BiH, Serbia, Montenegro and Macedonia.

## U isčekivanju:

Trenutno smo u razvoju Vodiča za mobilizaciju šumske drvene biomase u BiH koji treba da doprinese većem stepenu iskorištavanja i kvaliteti drvene biomase u BiH i institucionalizaciji održive šumarske prakse u BiH. fea će kroz ovaj projekat pružiti podršku razvoju politike za održivo korištenje biomase u BiH te odabir i dalju elaboraciju najrealnijih preporuka iz ranije sprovedene Studije o nedostacima u politikama (eng. Study on policy gaps) u sektorima energetike i šumarstva.

Očekujemo i inicijalni sastanak u okviru našeg novog regionalnog Projekta "Regionalna akcija u borbi protiv kriminala i korupcije u sektoru šumarstva" gdje ćemo planirati aktivnosti za tekuću 2019. godinu sa našim partnerima i zainteresovanim stranama iz 4 države: BiH, Srbija, Crna Gora i Makedonija.
