### Jeju International Training Center (CIFAL Jeju)

#### Period Covered by this Communication on Engagement

**From:** 2017.2.28      **To:** 2019.2.28

#### Part I. Statement of Continued Support by the Chief Executive or Equivalent

Please use the box below to include the statement of continued support signed by your organization's Chief Executive or equivalent.

2019.02.28

To our stakeholders:

I am pleased to confirm that Jeju International Training Center (CIFAL Jeju) reaffirms its support to the United Nations Global Compact and its Ten Principles in the areas of Human Rights, Labour, Environment, and Anti-Corruption. This is our Communication on Engagement with the United Nations Global Compact.

CIFAL Jeju was established on October 13th, 2010 in affiliation with UNITAR to contribute to the achievement of the UN SDGs. We aim to lead the capacity building which serves as the foundation for the local economic and social development through learning workshops. Our workshops focus on the areas of environment, human security, sustainable tourism, youth, etc. for public officials and civil society leaders in the Asia Pacific. CIFAL Jeju had been committed to ethical management following the ten principles of UNGC, specifically focusing on developing capacities of the Asia-Pacific region.

In this Communication of Engagement, we describe the actions that CIFAL Jeju has taken to support the UN Global Compact and its Principles as suggested for an organization like ours. We also commit to sharing this information with our stakeholders using our primary channels of communication. We would appreciate your feedback on this UNGC participation report.

Sincerely yours,

Young-sam Ma, Director

## Part II. Description of Actions

Please use the box below to describe the actions your organization has taken in support of the Global Compact. It is strongly recommended that the actions taken are related to one or more of the specific activities suggested. *Please refer to the complete list of suggested activities for your type of organization found here.*

### Human Rights

Principle 1: Businesses should support and respect the protection of internationally proclaimed human rights; and

Principle 2: make sure that they are not complicit in human rights abuses.

-CIFAL Jeju has enacted the 'Jeju International Training Center Internal Rules' and has established welfare regulations for employee welfare and human rights protection and is making continuous efforts to improve the working environment. We are leading the protection of human rights in the Asia-Pacific region through the planning and provision of human security policy training programs externally. In addition, through the Global Citizenship Education Program, students and teachers in Jeju Island and students in Jeju Island's overseas partner cities are informed about the importance of human rights.

### Labour

Principle 3: Businesses should uphold the freedom of association and the effective recognition of the right to collective bargaining;

Principle 4: the elimination of all forms of forced and compulsory labour;

Principle 5: the effective abolition of child labour; and

Principle 6: the elimination of discrimination in respect of employment and occupation.

-CIFAL Jeju is helping employees work and live harmoniously. We actively carry out personnel management that does not discriminate in employment and work.

### Environment

Principle 7: Businesses should support a precautionary approach to environmental challenges;

Principle 8: undertake initiatives to promote greater environmental responsibility; and

Principle 9: encourage the development and diffusion of environmentally friendly technologies.

-CIFAL Jeju provides environmental policy training programs to develop the capacity to cope with climate change, environmental protection and environmentally friendly development in the Asia-Pacific region and operates sustainable tourism programs for economic and social development. In addition, efforts are being made to transfer environmentally-friendly green technologies for developing countries in the Asia-Pacific region.

### Anti-Corruption

Principle 10: Businesses should work against corruption in all its forms, including extortion and bribery.

-CIFAL Jeju contributes to ethical management through in-house guidance on the Anti-graft Law.

### Part III. Measurement of Outcomes

Please use the box below to include the most relevant qualitative and/or quantitative indicators to measure the outcome of the activities described in Part II above.
