### Adjustment request

To whom it may concern,

Please accept this as SEAS-NVE's formal request to adjust our Communication on Progress submission date, to better suit the company's reporting cycle.

Presently we are due to submit our next COP on 11<sup>th</sup> April 2019. However our next Annual Report is scheduled to be released at the end of April 2019.

Therefore, in the interest of business efficacy, we would kindly ask to alter our COP submission date to 1<sup>st</sup> of May 2019.

Yours faithfully
