TO OUR STAKEHOLDERS:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Energinet finalizes our annual report in the first quarter of each year, after which the report is approved by the Board of Directors.

Part of the content in the annual report is used as input to the UN Global Compact COP. Currently, the schedules of the two reports are not aligned.

In order to ensure future alignment in the timing of the two reports, we hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by May 16th, 2019.

Sincerely yours,

Mrs. Rikke Pfanner
