12th March 2019

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Engagement (COE) that comprises of a chief executive statement of continued support for the UN Global Compact, a description of practical actions in support of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COE report due to some ongoing initiatives in line with the PRME principles that we would like to highlight, which at the moment have not been seen through yet due to certain external circumstances. We expect these efforts to come to a conclusion shortly, upon which we would be furnishing you with the required report.

We hereby ask for an extension period in order to be able to post a COE that describes our organization's efforts and progress in support of the UN Global Compact. Our COE will be posted on the UN Global Compact website by **12th June, 2019** at the latest.

Sincerely yours,

Parthajeet Sarmah
