

March 15, 2019.

To our stakeholders

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to our efforts to organize our main integrity and ethics event called "Compliance Week", which will happen on Apr/19 at our company. In previous years, the event used to happen on October, but, exceptionally last year, it became strictly difficult to maintain this event on the same period, as Alubar was expanding its operational plant and administrative building. Because of that, we didn't have a suitable location to receive all of ours employees for the training event. Therefore we decided to reschedule our Compliance Week from Oct/18 to Apr/19, according to the availability of Alubar's official events calendar.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by June 11,2019 at the latest.

Sincerely yours,

---

Maurício Santos

CEO
