United Nations Global Compact

To whom it may concern:

Through this mean I would like to request a grace period for submitting our COE within the next 90 days. The reason for this is that we are currently in a transitioning period that includes renaming and a rebrand in our organization. This is affecting our external communications and I had not updated the new contact information in the system. Although most of our brand has changed, the legal name will take a few months more; by which I will also update this in the Global Compact platform.

I will be completing this reporting within in the next month. Thank you for your support in this matter.

Best,
