

## **INTERNATIONAL SCHOOL OF MANAGEMENT EXCELLENCE**

**ISME**

### **Continued Support to the UN Global Compact SDGs**

To our Stakeholders,

I am pleased to confirm that The International School of Management Excellence's philosophy and vision are in alignment with the UN Global Compact with respect to human rights, social upliftment, labor, environment and anti-corruption; our commitment to the Compact's principles reflects in letter and spirit. The ideal of social responsibility is one of the cornerstones of our mission statement and it guides us in all our endeavors.

As a management institution, our goal is to nurture ethical and socially responsible management professionals who can make an impact on society. ISME is highly committed to the UN Global Compact's principles; we sustain and build on the community outreach programs by improving the programs every year and spreading the benefits to a larger audience.

There is a strong political will and commitment from the NVT Trust to promote the community outreach in Bangalore rural. In order to strengthen the program, ISME is in the process of partnering with an NGO whose goals are aligned; the payoff from the synergies from this will be enormous transforming the lives of thousands.

Sincerely yours,

Dr. Swaroop Reddy

Dean, ISME

## **Communication on Engagement (Period: 2016 – 2018)**

Focus towards social responsibility is very well woven in the functioning of The International School of Management Excellence. The School reaches out to various Children's Homes (Swanthana, Thayi Mane) and Old Age homes (Asha Bhawan) in the vicinity through its volunteer students and staff to bring joy and happiness in the lives of the destitute and the old by spending quality time with the inmates. In an effort to help the organizations procure their resources and to function smoothly, the school often contributes materially (Snacks, Groceries, toiletries, clothes) and financially.

With the idea of spreading quality education to the maximum possible eligible students, ISME has, time and again, tied up with various NGOs to facilitate stationery items to the underprivileged and help them financially to buy their course books. Moreover, under its program named 'Disha', the school approaches nearby government schools' pre-university students for guiding and mentoring them to choose a career of their interest in the long run. The students have been counselled on topics like Vocational Training, Fine Arts and Visual Arts, Humanities, Commerce, Science, Law, Engineering and Diploma courses, career in Defence, medical and allied courses. The students received this initiative really well and were benefitted in their decision of choosing their careers.

The school has continually manifested its responsibility towards spreading quality education by being part of initiatives like the Unnat Bharat Abhiyaan' initiated by the Ministry of Human Resource Development, Government of India. Under this program, ISME in association with NVT Quality Education Trust, adopted a school in a nearby village. Some of the main problem identified in this school : School building was under distressed situation, no proper toilet facilities for

students, leakage of water, no proper roof, no computer literacy of the teachers.

Based on above information, our institute NVT Quality Education Trust under the

name of NVT Vision foundation improved the school infrastructure, which

include: 1. Basic Facility Development: Waterproofing, construction of

Classrooms, Toilet facilities, painting, electricity and tiles work. 2.Students

Empowerment and Development: Computer Training, Guest Lectures and Students

Training 3.Teachers Empowerment , training and Development 4.Management of

The School: Supporting Block Development officer for Management of the

School.

ISME extends its continued support to the principles of UN Global Compact and

aims at expanding its social outreach to a larger audience .
