Subject: Communication on Progress (COP) - Grace Period

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report in order to be able to communicate our annual CSR & Sustainable Development Report, as a Communication on Progress (COP) report as well, describing our company's efforts and progress according to UN Global Compact Principles

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by Monday 30th September 2019 at the latest.

Sincerely yours,

Eirini Papoutsi

CSO, Quality & Environment Manager
