**Subject : United Nations Global Compact commitment – Communication on Progress year 2018.**

Dear Mr. Secretary-General,

Since 2006, the ELIS group has been committed to supporting the ten UN Global Compact principles in the areas of human rights, labor conditions, environment and anti-corruption.

Today, in order to continue on this path, the ELIS group renews its commitment to respecting and acting on these principles through our strategy, our business culture and our group values.

We outline our involvement to share transparently on our actions and results to promote sustainable development and the ten principles of the Global Compact to our partners, suppliers, people and other stakeholders.

This year, our Corporate Social Responsibility report provides you an insight into our sustainability ambition, and how it is incorporated into our activities.

Sincerely yours,

Xavier MARTIRÉ  
Chairman of the Management Board
