Global Compact.
To whom it may concern.

Dear Sirs:

The Global Compact represents a great opportunity to share good business practices based on universal principles that contribute to the generation of a more stable, equitable, and inclusive global market, which fosters more prosperous societies.

The report we have prepared is in its final phase of review by our team, however we want to deepen on the analysis and conclusions, and want to incorporate relevant information on our next steps to strengthen our corporate social responsibility initiatives.

In this sense, and always looking to deliver a report made of quality and that has the appropriate internal validation, we require an extension of 90 days to make this possible.

Thank you for your assistance in this matter,

Sincerely,

Luis Marcelo Mouzo T.
Chief Operating Officer
