Dear Mr. Secretary-General,

I am pleased to confirm that *Unimed Belo Horizonte Cooperativa de Trabalho Médico* supports the ten principles of the Global Compact on human rights, labour, environment and anti-corruption.

We are committed to making the Global Compact and its principles part of the strategy, culture and day-to-day operations of our Cooperative, and to engaging in collaborative projects, which advance the broader development goals of the United Nations, particularly the Sustainable Development Goals. *Unimed Belo Horizonte Cooperativa de Trabalho Médico* makes clear statement of this commitment to stakeholders and the public, through Annual Sustainability Report, accomplished according the da Global Reporting Initiative (GRI), available on our site: <https://acoesunimedbh.com.br/relatoriodegestao2018>

We clarify that we are continuously committed to support the ten principles of Global Compact. Thus, we participate in collective actions, as the Alliance for Integrity, a global initiative that aims to improve the ethical, transparency and anti-corruption environment. We seek to contribute to a long-term vision to achieve a business environment based on integrity, consolidating actions already recognized by the Ministry of Transparency as a Pro-Ethic Organization (2017), strengthening procedures aimed at prevention, detection and remediation of acts of corruption and fraud. We demonstrate our commitment to Sustainable Development by adopting the practice of relating ODS to the content of our 2018 Management Report, attested by Global Reporting Initiative (GRI).
