Dear Mr. Secretary General,

I am hereby pleased to confirm that Naval Group supports and implements the ten principles of the Global Compact on Human Rights, labour, environment and the fight against corruption.

Naval Group reaffirms its willingness to continue to make the Global Compact and its principles part of its strategy, culture and day-to-day operations, and to engage in projects promoting the sustainable goals of the United Nations.

Our annual report for 2017 includes a clear statement of this commitment to our shareholders, the public and more generally our stakeholders.

Naval Group recognizes that a key requirement for our participation in the Global Compact is the annual submission of a Communication on Progress (COP) that describes our company's efforts to implement the ten principles.

We have accordingly published our fifth Communication on Progress (COP) – Network France Advanced Level on 7 May 2019.

Naval Group will continue to report on progress each year according to the Global Compact policy.

Yours sincerely,

Hervé GUILLOU
Chairman & CEO
