From the CEO's Desk	<p>Nepal has never been as stable as it is today compared to the last 25 years. Upon the merger of two political parties, the ruling party has over 2/3 majority in the National Assembly. This has lead to a stable government which can now focus on uninterrupted development for Nepal. India – whose economy Nepal largely depends on just witnessed the victory of Mr. Narendra Modi for the second term. A stable neighbor is important for the country's growth.</p> <p>Lotus Holdings and the business community have never felt more bullish about Nepal. Massive infrastructure problems such as Energy, Communication and Connections are being solved, and I am hopeful for the country to have more welcoming regulations for Foreign Direct Investments to come to help surge growth.</p> <p>Lotus Holdings continues to adhere to the principal of the Global Compact at this exciting time.</p> <p>Ajit Bikram Shah CEO</p>

Challenges	<p>The ruling government in the last 25 years has never been as strong as it is today. With such power, it is important to realize that the responsibilities are even greater.</p> <p>Lotus Holdings in our engagement with the government has been carefully looking at the sectors it is involved in, and as an accountable member of the community at large, it has been working as a whistleblower for situations that may need attention from the right stakeholders.</p>
Impacts and Benefits	<p>Due to the initiatives undertaken by the organization, it is now a more responsible organization geared towards not only raising its productivity but also contributing to the society through local Corporate Social Responsibility (CSR) initiatives. Staff morale has heightened and the company's productivity has increased. The image of the company, a leader in adopting CSR in the country, has improved noticeably.</p>
Future Plan	<p>The organization will continue to raise awareness, enhance skills and knowledge of its employees. Our previous strategy to establish an investment fund has been realized. Lotus Holdings is now even aggressively looking for opportunities to explore into new sectors to invest.</p> <p>Pursuing a dream of a self-reliant, socially and economically developed society, Lotus Holdings believes in business with ethics. This has been the driving force behind the company and as it continues to grow into this millennium, it will remain in the business of helping people achieve these dreams</p>
