To the UN Global Compact Community:

We are committed to the UN Global Compact and have just changed to a more relevant local Network and put together an aligned internal support team.

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions about the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

Given the most promising changes we have just initiated we are late in creating, sharing and posting our COP report.

We thus hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 31 August 2019 at the latest.

We thank you for your understanding and support.

Best Regards,
