

June 11, 2019

To our stakeholders,

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to a major change in our approach to preparing the report. Our new approach involves a larger group of people in data gathering and report writing, which is why we have switched our reporting language from English to Turkish. We have also made major changes to the report's design and layout.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by September 10, 2019 at the latest.

Sincerely yours,

Ata Selçuk  
Vice President
