To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We have delayed the launch of our 2019 Molson Coors Sustainability Report, in which our COP report is incorporated in. We are waiting to solidify new packaging goals internally that will be included in this report, so they can be announced at the same time as the report launch.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by August 12, 2019 at the latest.

Best regards,
