

6/20/2019

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late posting our COP report due to technical and unforeseen challenges. While our COP was publicly released with FMC's sustainability report prior to our stipulated deadline (14/6/2019), our official submission on the UN website was delayed.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 6/24/2019 at the latest.

Sincerely yours,

Linda Froelich
Director of Global Sustainability
