Objet : Grace letter, asking to delay our COP publication

To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report due to its validation by a peer review, such organization meeting some difficulties.

We usually publish our COP at the Advanced Level since 2015. And this year, due to increasing of members asking such publication in France, the meeting of peer review are delayed by Global Compact France on end of summer, instead of early summer.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact.

Our new COP report will be posted on the UN Global Compact website by 9 of October at the latest.

Sincerely yours,

Lionel BOURCERET
