To our stakeholders:

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are late in creating, sharing and posting our COP report because FM Logistic is currently structuring it's first Impact Report, which is a publication on FM Logistic's activities impact on society. As the results will only be presented to the Board of Directors during their meeting in July we can not publish them before August or September, for this first exercise.

We hereby ask for an extension period in order to be able to post a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by 26th of September 2019 at the latest.

Sincerely yours,

Ms. Charlotte Migne

Group Sustainable Development Director
