To our stakeholders:

Embraco recognizes that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

As Embraco's global team still working on the sustainability report final adjustments, a deadline extension would be appreciated to ensure the postage of a COP that describes our company's efforts and progress to implement the principles of the UN Global Compact. Our new COP report will be posted on the UN Global Compact website by October 9th, at the latest.

Sincerely yours,

Mr. Jehedy Kasten
Sustainability Director
