

REF. 1-28/06/2019

28-Jun-2019

Office of United Nations
Secretary General
New York

Dear SG,

RE: COMMITMENT TO UN GLOBAL COMPACT.

We recognize that a key requirement for participation in the UN Global Compact is the annual preparation and posting of a Communication on Progress (COP) that comprises of a CEO statement of continued support for the UN Global Compact, a description of practical actions with regard to the principles of the UN Global Compact, and a measurement of outcomes or expected outcomes.

We are committed to creating, sharing and posting our COP report due to internal restructuring our organization in alignment with our upcoming strategic window, **Vision 2020-2030** codenamed Wampa 2030 where we are focusing on Ambulance Design for medical evacuation at the last mile of care. This is our new strategic direction that involves more support of local health initiatives.

We reaffirm our commitment to the UN Global Compact and its 4 pillars and 10 principles.

Sincerely yours,
