Bezons, June 27th 2019

Dear Mr. Secretary General,

With the recent and transformative acquisition of SIX Payment Services in 2018, Worldline is strengthened his position of pan-European leader of the European payments industry, with more than 11 500 employees across 29 countries. With nearly 45 years of experience, Worldline provides high quality, reliable and secure payments and innovative solutions covering the entire payments value chain in different fields like Merchant Services, Financial Services and Mobility & e-transactional services.

Worldline's sustainability is fundamentally based on trust and long-term commitments. That's why; Worldline has defined in 2014 its Corporate Social Responsibility ambition and launched in 2016 its TRUST 2020 CSR long-term ambition, which represents a key transformation vector for the company. In 2017, the United Nations' Sustainable Development Goals also open a new area for Worldline to reinforce its commitment to excellence regarding sustainability. In 2018, we released our first Integrated Report that represents a natural evolution in Worldline's sustainability journey, reflecting the integration of CSR into our business strategy.

I am pleased to confirm that Worldline is happy to renew its commitment to the ten principles of the United Nations Global Compact with respect to Human Rights, labor standards, protection of the environment and anti-corruption, and continues to take concrete actions in all its entities and all along its value chain. Our actions and their results are reported in our two extra-financial reference documents which constitute our Communication on Progress for 2019:

- The 2018 Registration Document which is the document for investors' community and official registration to the AMF (*Autorité des Marchés Financiers*).
- The 2018 Integrated Report that presents its global vision and strategy for creating value for its stakeholders, as well as its business model and the governance put in place to achieve this ambition.

I am proud to reiterate our commitment and our strong support to the Global Compact and share it among our stakeholders, regardless the nature of their relations with Worldline and submit our annual COP for the third year in a row.

Yours sincerely,

**Gilles Grapinet
Chief Executive Officer**
