Dear Mr Secretary-General

CEO Commitment to the UN Global Compact

I am pleased to confirm that Petrofac supports the ten principles of the Global Compact with respect to human rights, labour, environment and anti-corruption. In this annual Communication on Progress, we express our intent to advance those principles within our sphere of influence and report publicly on our progress.

A description of the relevant policies, public commitments and company goals, and the actions we have taken to implement these are included in our annual Corporate Responsibility Report.

Petrofac is committed to making the Global Compact and its principles part of the strategy, culture and day to day operations of the company, and to working in partnership with our clients and suppliers to advance the broader development plans of the United Nations, particularly the Sustainable Development Goals. Petrofac will make a clear statement of this commitment to our stakeholders and the general public.

Yours sincerely

Ayman Asfari
Group Chief Executive
